

MULTI-FUNCTION AEROSOL DISPENSER SYSTEM

INSTALLATION

Key Option

For KEY Lock option, simply remove the PUSH BUTTON from the Lock Arm (see Picture A). Then snap the PROTECTIVE CAP onto the Front Cover (see Picture B).

Wall Mounting

For permanent installation, position screws over a wall stud and secure to wall. Double-stick tape is already affixed to the dispenser for use on a **CLEAN** non-porous surface.

INSTRUCTION

1. Open dispenser by pushing the top button or insert Key (Fig. A) and pull cover forward. Dispenser cover is hinged at bottom (Fig. B). To clean dispenser cover, simply remove from hinges and wash in warm water with a mild detergent.
2. Insert two fresh D-Cell alkaline batteries (Fig. C) into the designated slots at the top of the unit, making sure the positive (+) and negative (-) ends of the batteries are positioned properly. CHECK LCD DISPLAY TO MAKE SURE THE DISPENSER IS IN THE OFF MODE PRIOR TO INSERTING THE CAN.
3. Setting Clock - Press MODE (Fig. D) button until CLOCK appears in the bottom right corner, then press the HOUR (Fig. E) and MIN. (Fig. F) buttons until the current time appears.* Then press WEEK (Fig. K) button to set the day of the week until the desired day appears. i.e. 1 is Monday, 2 is Tuesday, 6 is Saturday and 7 is Sunday.
4. Setting on/off time - The unit will operate 24 hrs. a day unless programmed differently. Press MODE (Fig. D) button until START appears, then press the HOUR (Fig. E) and MIN. (Fig. F) buttons until the desired start time is on the display. Repeat this procedure for the STOP function for setting the desired stop time.*
5. Setting spray interval - The unit is pre-set at a 15-minute spray interval. all other desired intervals must be programmed. Press MODE (Fig. D) button until INTERVAL appears, then press the MIN. (Fig. F) button until the desired spray interval appears (1-60 minutes).
6. Setting Weekend on/off - Press MODE (Fig. D) button until WEEK appears, then press the WEEK (Fig. K) button to set weekend On or Off. On the display 1.2.3.4.5.6.7. will appear (indicates 7 days operation). To set weekend Off, press WEEK (Fig. K) button until 1.2.3.4.5... appears on the display (indicates Monday to Friday operation).
7. Place a metered aerosol can into the dispenser, making sure the tip is facing forward and the shoulder of the can is resting securely in the metal retaining bracket (Fig. H). IT IS IMPORTANT THAT THE UNIT IS IN THE OFF MODE. THEN RESET BY PRESSING THE ON/OFF BUTTON EACH TIME THE CAN OR BATTERIES ARE REPLACED.
8. To activate the unit press the On/Off (Fig. G) button, the LED indicator will flash green/red 3 times and the actuating arm will activate 1 time as a system check. TO AVOID BEING SPRAYED WHEN THE UNIT ACTIVATES, DO NOT STAND IN FRONT OF THE DISPENSER.
9. Close the cover, make sure the Opening Button (Fig. A) is securely in the opening.

DURING NORMAL OPERATION

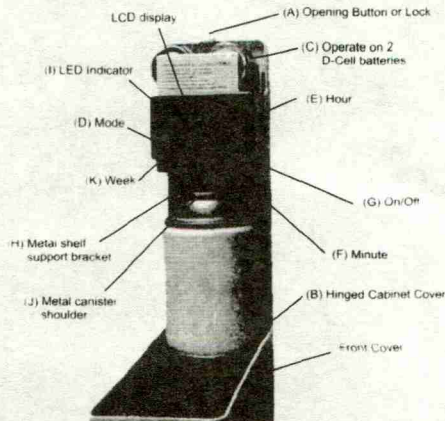

Green LED blinks approximately every 5 seconds.

Red LED blinks indicate it is time to replace the aerosol can.

No blinking light indicates the need to replace batteries.

IMPORTANT: SPRAY counting mechanism will let you know the number of times the unit has activated (counts to 3,000 in ascending order). The spray counter will reset when turn off by ON/OFF (Fig. G.) button.

* KEEP IN MIND THIS IS A 24 HR. (Military Time) CLOCK, i.e. 6 PM will display 18:00.
